NATIONAL SECURITY AGENCY CENTRAL SECURITY SERVICE

FORT GEORGE G. MEADE MARYLAND 20755-6000

6 August 2012

MEMORANDUM FOR THE CHAIRMAN, INTELLIGENCE OVERSIGHT BOARD

THRU: Assistant to the Secretary of Defense (Intelligence Oversight)

SUBJECT: (U//FOUO) Report to the Intelligence Oversight Board on NSA Activities -INFORMATION MEMORANDUM

(U/FOUO) Except as previously reported to you or the President, or otherwise stated in the enclosure, we have no reason to believe that intelligence activities of the National Security Agency during the quarter ending 31 March 2012 were unlawful or contrary to Executive Order or Presidential Directive and thus should have been reported pursuant to Section 1.6(c) of Executive Order 12333, as amended.

(U//FOUO) The Inspector General and the General Counsel continue to exercise oversight of Agency activities by inspections, surveys, training, review of directives and guidelines, and advice and counsel. These activities and other data requested by the Board or members of the staff of the Assistant to the Secretary of Defense (Intelligence Oversight) are described in the enclosure.

> GEORGE BLLARD Inspector General

RAJESH DE General Counsel

(U//FOUO) I concur in the report of the Inspector General and the General Counsel and hereby make it our combined report.

> General, U. S. Army Director, NSA/Chief, CSS

Encl:

Quarterly Report

This document may be declassified and marked "UNCLASSIFIED//For Official Use Only" upon removal of enclosure(s)

Approved for Release by NSA on 12-19-2014, FOIA Case # 70809 (Litigation)

TOP SECRET//SI//NOFORN

- I. (U) Intelligence, Counterintelligence, and Intelligence-Related Activities that Violated Law, Regulation, or Policy and Were Substantiated during the Quarter, as well as Actions Taken as a Result of the Violations
- I.A. (U) Intelligence Activities Conducted under Executive Order (E.O.) 12333
 Authority

	I.A.1 (U) Unintentional Targeting or Database Queries against U.S. Persons (USPs) or Foreign Persons in the United States (b) (3)-P.L. 86-36 (b) (3)-50 USC 3024(i)
	(S//SI//REL TO USA, FVEY) During the first quarter of calendar year 2012 (CY2012), NSA continued As part of that process, duplicate selectors were removed and the number of active selectors was reduced. As a result, NSA's primary tasking tools for telephone and Internet selectors contained approximately active selectors, down from the reported last quarter.
(b) (3) -P.L.	(U//FOUO) Also during the first quarter of CY2012, signals intelligence (SIGINT) analysts in instances inadvertently targeted communications to, from, or about USPs while pursuing foreign intelligence tasking. Unless otherwise specified, all intercepts, query results, and reports have been deleted or destroyed as required by United States SIGINT Directive SP0018.
	I.A.1.a. (U) Tasking Errors (b) (1) (b) (3)-P.L. 86-36 (b) (3)-50 USC 3024(i)
	(S//SI//REL TO USA, FVEY) an NSA analyst targeted his personal cell phone error occurred because the analyst mistakenly thought that it would be acceptable to on his own phone. All non-compliant data was deleted.
	(S//SI//REL TO USA, FVEY) analyst discovered that a selector believed to be a valid foreign intelligence target was associated with a USP with dual citizenship. The selector was detasked All non-compliant data was purged.
	(TS//SI//REL TO USA, FVEY)
[All data has been purged.
	(S//SI//REL TO USA, FVEY) an NSA analyst discovered that a tasked selector believed to be a valid foreign intelligence target was associated with a USP. The selector was detasked was asked to purge the data. No reports were issued.
	(b) (1) (b) (3) -P.L. 86-36 (b) (3) -50 USC 3024(i) Derived From: NSA/CSSM 1-52

TOP SECRET//SI//NOFORN

I.B.5.a.iii. (U) Database Queries

(TS//SI//NF) an IC customer notified an NSA analyst that a selector
submitted to NSA by the IC customer for target development was associated with a USP. The
analyst had performed queries of FAA §702 databases for the selector on 3 days
All query results were deleted. Checks performed by the NSA analyst before the query showed
only foreign NSA informed the IC customer that NSA must be clearly warned about
potential USPs in subsequent requests.
(TC(ICI/DE)
(TS//SI//NF) an NSA analyst queried FAA \$702 databases on
selectors for a USP authorized under The analyst immediately identified the error and the query and results were deleted. (b)(1)
and the query and results were deleted. (b)(1) (b)(3)-P.L. 86-36
(TS//SI//NF) an NSA analyst queried FAA §702 databases using a
selector for a USP authorized FAA §705(b). The analyst immediately
deleted the query and results. The analyst's raw SIGINT database access was revoked for
30 days, and future queries will be reviewed by senior analyst before submission.
(TS//SI//NF) an NSA analyst queried a selector associated with a
target authorized under The selector had been detasked when it was found to be
accessed from the United States The query and results were deleted.
(C//CI//DLI TO HEA EVEVA On Secretions
(S//SI//REL TO USA, FVEY) On occasions NSA analysts performed overly broad queries without including search terms
to limit the queries. In one case, the query returned results, which were deleted. The analysts
were counseled to include terms to limit query results.
There examples to mercure terms to mine query results.
(TS//SI//NF) an NSA database auditor discovered that an analyst
had executed queries on selectors tasked under FAA §704 authority against FAA §702 data.
The query results were deleted, and no reports were issued. The auditor reminded the targeting
analysts of the prohibition on querying FAA §704 targets in FAA §702 collection.
-(TS//SI//REL TO USA, FVEY) an NSA analyst queried selectors
against databases containing FAA §702 data without first researching the selectors to assess
foreignness. The query returned USP information. The query and results were deleted
immediately. The analyst was counseled on proper procedure for conducting queries (b)(1)
(b)(3)-P.L. 86-36
(TS//SI//REL TO USA, FVEY) an NSA analyst discovered that a
selector associated with a USP and authorized under consensual collection was erroneously
queried in FAA §702 databases from The error occurred because
the selector's USP status The query, which did not
return results, was deleted. In the future, the targeting office will ensure that such selectors are

I.B.5.c.i. (U) Unauthorized Targeting (b)(1) (b)(3)-P.L. 86-36
(TS//SI//NF) an NSA analyst discovered that a telephony selector thought to be associated with an FAA §705(b)-authorized target was actually
the selector was detasked. No collection occurred, and no reports were issued.
(TS//SI//REL TO USA, FVEY) an NSA analyst determined that a selector associated with a USP had been erroneously tasked because the selector was believed to be selector for the intended foreign intelligence target. The selector was detasked, and data was purged.
(TS//SI//NF) an NSA analyst questioned an IC partner about

- II.D. (U) Misuse of the U.S. SIGINT System
 - (U) Nothing to report.
- II.E. (U) Congressional and IO Board Notifications

(TS//SI//NF) On 27April 2012, NSA/CSS notified the Congressional intelligence committees about retention of BR-FISA records beyond the five-year period authorized by the FISC. The Department of Justice provided preliminary notice to the FISC on 29 February 2012. See the referenced item under "BR Order" on page 14.

II.F. (U) Other Notifications

(b)(1) (b)(3)-P.L. 86-36

(TS//SI//REL TO USA, FVEY) NSA/CSS has notified the AG of intelligence -related collection activities associated with USP hostage and detainee cases.

III. (U) Substantive Changes to the NSA/CSS IO Program

III.A.	(U)	

(U//FOUO) As reported in the second quarter CY 2011 report, NSA/CSS had been developing a new tool to automate the process of submitting mission compliance incident reports across the worldwide NSA/CSS enterprise. Because of system problems, the continually (b)(3)-P.L. 86-36 scheduled to be fully operational for the continual is being redesigned. The revised implementation date is unknown.

- IV. (U) Changes to NSA/CSS Published Directives or Policies Concerning Intelligence, Counterintelligence, or Intelligence -Related Activities and the Reason for the Changes
 - (U) Nothing to report.
- V. (U) Procedures Governing the Activities of DoD Intelligence Components that Affect USP (DoD Directive 5240.1-R, Procedure 15) Inquiries or Matters Related to IO Programs
 - (U) Nothing to report.
